## Important Information on Your Medicare and Medi-Cal

You are getting this letter because you have **BOTH** Medicare and Medi-Cal. The way you get your health care is changing. You will now have new choices to meet your health care needs.

### Cal MediConnect is a new type of health plan.

Enrolling in a Cal MediConnect plan:

- Combines all of the Medicare or Medi-Cal benefits and services you receive now into a single plan.
- Will not cost more than what you pay today for your Medicare and Medi-Cal benefits.
- Ensures Cal MediConnect doctors, specialists, and other approved providers will work together to get you the care you need.
- Gives additional transportation to medical services and vision benefits.

### What are my choices?

This is the first letter telling you about your new choices. You will get a second letter with more information about your choices soon.

1. **Automatically enroll in the Cal MediConnect plan that we have chosen for you.** To do this, you do not have to do anything. It will be automatic.
2. **If you do not want to be automatically enrolled** in the Cal MediConnect plan chosen for you, you **MUST** either contact Health Care Options at 1-844-580-7272 or in about a month we will send you the Plan Choices Form you can fill out and return to choose **one** of these options:

- Option A: **Enroll in a different Cal MediConnect Plan.**

- Option B: **Keep your Medicare the way it is AND enroll in a Medi-Cal plan.**

Some may be eligible to enroll in the Program of All-Inclusive Care for the Elderly (PACE).

### What should I do now?

- Talk about your choices with someone who knows about your health care needs, like your family or your doctors. Call the California Health Insurance Counseling & Advocacy Program for free health insurance counseling at 1-800-434-0222.
- Watch your mail for a packet from Health Care Options in about one month.
