8-Hour Online Training for Back-Up Attendant Program (BUAP) Applicants

The Personal Assistance Services Council (PASC) has contracted with **Flex Ed** to conduct an **8-hour online training** on **Zoom** for providers who wish to work for the PASC Back-Up Attendant Program (BUAP). The BUAP is a service that provides short-term homecare assistance to IHSS recipients when the recipients' regular homecare providers are unable to work. **Back-Up providers are paid \$21.00/hour.**

This training will be conducted over **2** days and participants must agree to attend classes on **BOTH** days, from start to finish. *The next 8-Hour Online Training for Back-Up Program applicants in English* will be held **on February 28 and March 6, from 9:00 AM to 2:00 PM.**

To participate in the training, you must be a PASC Registry-approved provider, and must have participated in a back-up program information meeting. Additionally, you must have a computer, tablet, or smartphone with internet access, and a valid email address.

If you meet these requirements, have the availability, and are committed to attending the training on **BOTH days**, then call us to put your name on the list of "interested" providers. Being placed on the "interested" list does not guarantee participation.

Class size is limited. Reservations will be accepted on a **first-come, first-served** basis.

This training is intended for IHSS providers who live and work in Los Angeles County.

Important: This is not a paid activity. Applicants will not be paid for time spent taking this class. Providers who are already approved for the BUAP are not eligible.
